SUBJECT: INVITATION TO JOIN PIMSO FINAL ROUND

Greetings of Peace and Prosperity!

The International Champions in Education, Inc. (ICE) is a non-stock and non-profit organization comprised of professionals, officially registered with the Securities and Exchange Commission (SEC). Our primary mission is to nurture and enhance the critical thinking abilities of young Filipino students. To realize these objectives, ICE has introduced a range of contests in English, Mathematics, and Science. We have also established partnerships with over forty countries worldwide. It collaborated with European organizations like ELPC Olympiad International LLC, European Summer School, Bucksmore Educations, Gatehouse Awards, and others. It helps promote diverse competitions, and provides comprehensive training opportunities to participants, equipping them with the character and skills needed to become future champions.

In light of this, we are delighted to extend an invitation to your outstanding learners to participate in and compete in the **Philippine International Math and Science Olympics Final 2024-2025** that will happen on **April 04-07, 2025** in **Manila Hotel, Manila, Philippines**.

Student:

Mohammed Ibrahim Ali Andamon

Coach:

Suzette B. Villarino
Master Teacher I

Philippine International Math and Science Olympics (PIMSO) is an annual international Olympiad competition organized by ICE from the Philippines. PIMSO is divided into 2 stages: PIMSO National Round and International Finals. We all dream of becoming a champion. We believe that every child has the potential to become a champion – a champion who could stand the test of time and contribute to the success of society. To this end, ICE created PIMSO, a community to bring together champions from all places, of all beliefs and races, of all color and culture for the betterment of our global society. We believe that math and science are the foundations of our society's success. Through PIMSO, we aim to unite students across nations and establish their aspirations in pursuit of excellence by recognizing each child's potential through technologically driven, innovative, fair, and relevant opportunities.

Attached in this letter are the packages and additional information.
