REGIONAL MEMORANDUM
CLMD-2023- 144

To : Schools Division Superintendents

Subject: GEOLOGY SUMMIT

Date : March 22, 2023

Herewith is an invitation letter from Dew Xya Dela Rosa, Externals Committee Head, Geology Summit 2023 regarding the Geology Summit on April 1-2, 2023 at 2:00 PM through Zoom.

This Office informs that the participation of DepEd teachers and learners is on voluntary basis and will be subject to the policy on "No Disruption of Classes" per DepEd Order No. 9, s. 2005 entitled: "Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith" and the no-collection policy as stated in Section 3 of Republic Act No. 5546 also known as An Act Prohibiting the Sale of Tickets and/or the Collection of Contributions for Whatever Project or Purpose from Students and Teachers of Public and Private Schools, Colleges and Universities (Ganzon Law).

All other details of the said activity are in the enclosures.

Immediate and wide dissemination of this Memorandum is hereby enjoined.

ALLAN G. FARNAZO
Director IV

Greetings!

The **UP Geology Majors' Society (UP GeMS)** is the only academic and environmental organization in the National Institute of Geological Sciences in UP Diliman. In its 48 years of service, it continues to pursue scholastic excellence and advocate for the student involvement in activities related to the protection of the environment.

In celebration of its founding anniversary, UP GeMS will be hosting the annual **Geology Summit** with the theme "**Orogenesis**" on **April 1-2, 2023**. The overall objective of the summit is to widen students' horizons in the field of earth sciences as it presents plenty of opportunities in the industry and the academe. Specifically, it aims to:

- Promote interest in geology among high school students and teachers;
- Encourage students to strive for excellence in the earth sciences; and
- Introduce geology as a future career path for senior high school students.

The summit is comprised of three events:

- **Human/Nature: A Complex Symbiosis**, a photographic essay contest that will showcase the creativity of the participants in conveying the relationship between men and nature through a visual narrative.
- **Anthropocene: The Human Footprint**, an online impromptu speech contest that will open a critical discourse on the influence of human activity to the environment during the current epoch dubbed as *Anthropocene*. This will be held on **April 1, 2023, Saturday at 2 P.M.** through Zoom.
- **Himalaya: Geology Through Time**, a three-part online webinar that is anchored on the development and relevance of geology as it traverses through time—from the history of the earth, current trends in the geosciences, to the future of the world through geologic lenses. This Zoom webinar will take place on **April 2, 2023, Sunday at 2 P.M.**

In line with this, we are humbly requesting your good office for your issuance of a **Regional Memorandum of Endorsement** which shall aid the organization in reaching and inviting more participants from private and public junior and senior high schools among your region. Your cooperation and assistance will be of great help for the success of this nationwide event and for the attainment of our goal in promoting geology among the youth.

Attached herewith is a primer containing in-depth information about Geology Summit 2023 for your perusal. Should you have more inquiries, you may email us at geologysummit@gmail.com or through the undersigned (**Dew Xya Dela Rosa**).

We are hoping for your favorable response on this matter. Thank you for your continued interest and support.

Respectfully yours,

Dew Xya Dela Rosa
Externals Committee Head
