Dear SDS Mellorida :

We are pleased to announce that the **2026 DOST-SEI Science and Technology Undergraduate RA 7687** and **MERIT Scholarships** are now open for Grade 12 Senior High School (STEM/Non-STEM strands) applicants/students who wish to pursue science and technology priority courses in college.

The **Republic Act no. 7687**, also known as the "Science and Technology Scholarship Act of 1994", provides scholarships to talented and deserving students whose families' socio economic status do not exceed the set cut-off values of certain indicators. On the other hand, the DOST-SEI Merit Scholarship Program, formerly known as the NSDB or NSTA Scholarship under **Republic Act No. 2067**, is awarded to students with high aptitude in science and mathematics and are willing to pursue careers in the fields of science and technology.

In this regard, may we request the assistance of your office to help us disseminate the **2026 DOST-SEI Undergraduate Scholarship** programs and Infographics to DepEd Public and Private Senior High Schools. Also, please be informed that we will be conducting scholarship campaign in public Senior High Schools (Grade 12) in the municipalities and provinces.
