Madam:

Greetings!

Climate crisis is a hot button issue now, and its devastating effects are being seen in most countries, including the Philippines. Actually, our school, Casig-ang Elementary School, has been flooded nine(9) times this school year, and our school most recently resembled a large swimming pool last April 17, 2022. It was heartbreaking to imagine how tough it would be for teachers and pupils if classes were disrupted, especially if we were in face-to-face classes.

It has come to our knowledge that the Division office would give assistance to schools that have been flooded in the same way as us. We would like to take advantage of this opportunity to be included on the list of beneficiaries because it would be immensely helpful to our school. Since the 1st wave this school year, many of our school's equipment and supplies has been damaged especially modules and bond papers. 1 grasscutter and 2 teachers' personal printer has been taken down by flood. Attached are list/pictures of modules that has been damaged.

We are hoping to be included. Your assistance will be greatly appreciated by the teachers, pupils and the school in general.

Thank you and God bless!

Sincerely,

ALBERT D. ENANO
