Dear Ma'am,

Greetings!

Monitoring Evaluation of Local Level Plan of Implementation Protocol (MELLPI PRO) is the new tool from National Nutrition Council that will serve as an upgraded system to determine nutrition improvement action at the local level and its progress in achieving reduction of wasting, stunting and overweight among children.

It will also measure the quantity and quality of the performance of nutrition workers in the municipality. It is simpler and easier way of monitoring and evaluating nutrition program implementation.

Relative to this, The Municipal Nutrition Committee of the Local Government Unit of Kapalong is inviting **MS. MERCY DELA CRUZ, RN** as one of the member of the Municipal Nutrition Evaluation Team (MNET) for the Barangay Nutrition Evaluation using the MELLPI PRO tool. The said evaluation will be on June 20, 2022 (Monday), 8 o'clock in the morning up to 5 o'clock in the afternoon at the Municipal Nutrition Office, LGU Compound, Maniki Kapalong Davao del Norte.

We are hoping for your favorable response regarding this invitation.

Thank you!

Very truly yours,
