in the Philippines covering the period 1991 to 2021

Date : 21 March 2022

Greetings!

The Philippine Society for Public Administration (PSPA), the professional association for public administration in the Philippines, and a recognized member of the Philippines Social Science Council, is currently conducting A Review of the Local Governance in the Philippines from 1991 to 2021. This study is supported by the Office of Senator Francis Tolentino, Chairperson of the Senate Committee on Local Government through the National Research Council of the Philippines (NRCF). The United Nations Development Programme (UNDP) has also provided support for the project. Among other things, the research study aims to provide a database of basic information on the local governments of the 17 Regions and 81 Provinces of the Philippines, alongside producing assessment report on the current status of decentralization and local autonomy in these regions. This is also designed to provide a credible perspective of the current local autonomy focusing on local development, local administration, and local democracy, which has been considered by the League of Provinces of the Philippines (LPP) as fundamental to advancing the cause of autonomy of good local governance.

It is within this context that the LPP fully supports and hereby endorses PSPA's Local Government Review in your province and Region which will be conducted from January 2022 until December 2022.

The PSPA is composed of practitioners, academicians, scholars, and professionals within the varied but allied fields of public administration. It is designed to advance the "praxis" - study and practice - of public administration and public service in the country through its core programs and services to improve the competencies, professional growth and development, networking and partnership building, shaping the countries public administration research agenda, and policy advocacy.

The LPP has been a long-time partner and has always been in collaborative work with PSPA - providing inputs and administrative support for the benefit of the general public, and also in our common advocacy for good governance.

Your full support will certainly be appreciated, especially in the generation and collection of local data in order to fully realize of the objectives of this Research Study to be conducted by PSPA in your respective areas.

Further inquiries and concerns about the matter may be addressed to Ms. Sandra Tablan Paredes, Executive Director of the LPP at 0916 752 8005 or 0918 911 5166, or to Dr. Alex B. Brillantes Jr., Professor at the University of the Philippines National College of Public Administration at 0917 890 5855. Queries may also be addressed to Ms. Anna Comia, Research Project Associate at 0926 905 5872.

May I reiterate my gratitude and appreciation to you for your support as we move towards our collective goal of stronger local governments.
