Dear Sir,

International Youth Fellowship (IYF) Thailand is a non-profit organization based on Christianity. Founded in 2003, IYF has been working in education and youth development for more than 17 years. Presently, it is working with public and private organizations both domestically and locally to solve youth problems and strengthen their hearts to be leaders with potential including strengthening the immunity of the mind to deal with problems from the rapid development of technology and society in the 21<sup>st</sup> century. IYF organized various programs such as World Camp, World Culture Camp, Language Camp, Thailand Online Leaders Conference, and Education Leaders Forum to name a few.

**Education Leaders Forum** is a seminar that will focus on Mind Education or the curriculum for the "world of the heart" that systematically studies the heart and how it effectively solves problems through the strengthening of mental health. This curriculum has been the subject of 28,000 lectures, and events have benefited people in 97 different nations. The signing of MOUs with more than 210 educational institutions in more than 60 nations across the world benefited more than 9 million people. The emphasis of the curriculum is on problem-solving from the heart. Let the young discover the heart's universe. Solving societal issues might come from self-discovery. IYF wants to employ Mind Education to help young people build their emotional and mental well-being.

For this seminar, IYF invited Dr. Ock Soo Park, the author of the Mind Education Curriculum and the founder of the International Youth Fellowship that changed the youth worldwide through the curriculum both in theory and practice, to be the main speaker of this event to build a foundation of the mind and develop sustainable education.

**We would like to invite Educators from your respective office to attend the Education Leaders Forum that will be held on September 22 – 24, 2022 in Sukhothai Thammathirat Open University Thailand.** Participants will be taking part in the different activities such as:

- **Mind Lecture**  
Mind Education curriculum or the "world of the heart" will be conducted by Dr. Ock Soo Park, Education Development Specialist, founder of the International Youth Fellowship and Author of the Mind Education Curriculum.
- **Mind Recreation**  
Recreational Activities are designed to revitalize the mind and teach the world of the heart through activities and practices.
- **Mock Classroom**  
Learning simulation as a part of the Mind Education Curriculum

Should you have queries regarding the said event, please connect with us through this email or contact **Ms. Nikki Paurillo**, at 0933-465-0623. The details of the event mentioned above are included in this letter.

Yours sincerely,

**DR. HAK CHEOL KIM**
