Dear Dr. Farnazo:

This is in relation to the Community Empowerment through Science and Technology (CEST) Program of the DOST in Davao del Norte. CEST envisions sustaining the progress with its package of science and technology interventions which focused on five (5) entry points: Health and Nutrition, Environmental Protection and Conservation, Human Resource Development, Economic Development/ Livelihood Opportunities, Disaster Risk Reduction, and Management and Climate Change Adaptation.

One of the pegged projects is the Deployment of Solar-powered Science and Technology Academic and Research-Based Openly Operated Kiosks (STARBOOKS) to the identified schools under the Division of Davao del Norte. As an overview, STARBOOKS intends to serve as an information portal in the schools. The students and faculty can now have free and easy access to digitized resource materials even with the absence of an internet connection and electricity.

In this connection, may we request the assistance of your office to help us to disseminate this information to the chosen schools which will be the beneficiaries of this technology. MOA Signing ceremony will be conducted. Please refer to the table below for your guidance:
