JUNIOR PHILIPPINE GEOGRAPHICAL SOCIETY UP DILIMAN

April 5, 2023

Allan G. Farnazo
Regional Director
Department of Education - Region XI
F. Torres St., Davao City

Greetings!

In the month of May, Junior Philippine Geographical Society - University of the Philippines Diliman (JPGS-UPD) will be launching the National Geography Challenge 2023, an annual event seeking to promote geography as a distinct discipline among the youth. Our theme **Peripheries: Ways of Seeing and Saying** revolves around the importance of mapping as a way to perceive the world; in a way it is like a story that reflects both a mapmaker's way of saying their worldview, and the map reader's way of seeing the world. We chose to highlight the peripheries, the often overlooked in Philippine society, and the everyday realities amidst the constraints of traditional mapping.

We are an academic and sociocultural organization dedicated to promote the distinct disciplines of Geography amongst Filipino youth, to reveal the importance of Geography in the society, to enhance geographical knowledge, and to encourage students to specialize in any domain in Geography.

JUNIOR PHILIPPINE GEOGRAPHICAL SOCIETY UP DILIMAN

One of our major events, the National Geography Challenge (NGC) is a multifaceted nationwide geography competition designed for high school students in the Philippines to inspire the youth to specialize in any domain of geography. As the NGC returns after a 3-year hiatus, we seek to promote the relevance of geography in raising the voice of the peripheries and instill this to the youth.

The event proper will be held on May 13, 2023 through Zoom.

On behalf of this year's organizing body, we would like to request your good office to support and recommend this annual event as you have done in our previous years. We humbly request for a Regional DepEd Advisory for a formal and official announcement of our activity to the schools within your region. Rest assured that we will continue to uphold the successful organizing and hosting of this educational event as we have done so for the past 11 years.

Attached herewith is our primer containing information about our organization and an overview of the NGC. Should you wish to further discuss this, please contact us through ipgs.ngc@gmail.com and/or through Lawrence Galzote at +63 968 363 5219. We hope to hear from you as soon as possible, and we are looking forward to working with you on this endeavor!

Best Regards,

Lawrence Galzote

Project Head
