MR. ARNEL B. ARGALLON
School Principal
Lunga-og Elementary School
Lunga-og, Santo Tomas, Davao del Norte

Dear Sir Argallon,

Greetings!

The Department of Health has launched last July 26, 2022 for a stronger nationwide booster vaccination campaign. Dubbed "PinasLakas", it aims to increase the number of Filipinos who have been given a COVID-19 booster shot, to help maintain the country's wall of immunity.

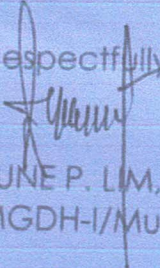

In the Municipality of Santo Tomas as a way of support of PinasLakas commit to vaccinating our fellow kababayans to maintain our wall of immunity towards our goal of having a healthier and safer Municipality.

The PinasLakas campaign is the Marcos administration's way of boosting the country's vaccine programs, so that progress towards a more health-conscious and safer nation is assured. As vaccines remain to be the best long-term solution to the pandemic, the DOH continues to encourage every Juan and Juana to get vaccinated as vaccines are proven to be safe and effective against the virus.

To reach our targets, we are committed to making vaccines easily accessible to all. We are all grateful for the reopening of our markets and schools, and we should remember that we are able to reopen because of the life-saving benefits of our vaccines, thus one of our strategies is to ask your good office for the support by allowing our PinasLakas vaccination team to join your school during the "Brigada Eskwela" and conduct vaccination to our eligible school children and our team will be coming to your school on AUGUST 10, 2022 @ 9:00 AM.

As always, we thank you for your support as we continue to serve our community.

Respectfully yours,

JUNE P. LIM, MD.
