Dear **Ma'am Silva**,

Blindness has enormous effects on the psychomotor, social, and emotional development of an individual and it inhibits the opportunities for education and employment. Early detection and treatment of vision problems are imperative to meet the challenges of blindness.

Sight Saving Month is celebrated every August; the celebration has concluded with a renewed commitment to eradicate avoidable blindness in the country.

In celebration of the said event, the Family Health Care Division in the implementation of the Provincial Eye Care Program will be conducting **Community-Based Vision Screening for School Children on August 19, 2022, at Davao del Norte Sports and Tourism Complex (DNSTC) Clubhouse Area. The activity will start at 9:00 o'clock in the morning.**

In line with this, **we would like to respectfully invite you and request to allow 40 pupils identified with errors of refractions to be the beneficiary of the above-mentioned activity.**

We are looking forward to your affirmative response in this matter.

Thank you for continuing support in all our health programs.

Very truly yours,

ALFREDO A. LACERONA, MD
Provincial Health Officer II
