Dear Mr. Farnazo:

In consonance to PhilHealth's mandate to achieve Universal Health Care, it is one of the corporation's thrust to cover all Filipinos and level of awareness and knowledge of members in view of the aggressive developments, enhancements and reforms in our program as the result of implementation of the UHC law.

Anent to this, we'd like to request your good office to conduct a survey to identify parents who are not yet registered to PhilHealth. PhilHealth needs to identify localities where a greater number of residents are not yet registered in the national health insurance program (NHIP). We would also like to request for the said survey to be incorporated on the head start of the academic enrolment for this upcoming school year 2022-2023. Data collected will be used by our office to monitor the membership coverage and conduct pertinent information education campaigns (IECs) across different membership categories to ensure that universal health care would be attained.

Our regional point person, **Joanna Corpuz**, shall also coordinate with your good office for this matter. Should our request merit your approval or should you need further clarification on our request, you may reach **Joanna Corpuz** through **09257492390** through joanna.corpuz@philhealth.gov.ph.

We look forward to your positive response on our request.

Thank you.
