Subject: **MILO Back to School Wet Sampling Caravan**

Date: March 14, 2023

This has reference to the Regional Memorandum No. ESSD-2023-069 relative to the **MILO Back to School Wet Sampling Caravan** as one of the projects in pursuance of the partnership between Nestle Philippines and DepEd. This activity shall provide nutritious servings of MILO while advocating the importance of physical exercise and physical literacy to the learners. The activity shall be conducted from March 20, 2023 to April 28, 2023.

Herewith is the list of schools which shall be part of the caravan.

It is advised that all the School Heads and School Partnership Focal Persons of the selected schools shall document the activity through pictures and videos and upload it to the Google Drive (link shall be sent through Facebook Messenger).

Further, **no disruption** of classes shall be imposed in the conduct of the activity based on the DepEd Order No. 9 s. 2005 (Instituting Measures to Increase Engaged Time-On Task and Ensuring Compliance Therewith). It is advised that the activity shall be conducted during the break time/recess time of the day.

This office reiterates the strict observance of the IATF health protocols such as social distancing and wearing of face masks and face shield.

In adherence to all policies, everyone is encouraged to continuously support and value equality and diversity (Equal Opportunity Principle) within the Department.

Immediate dissemination of and compliance with this memorandum is desired.

Allan G. Farnazo
Regional Director
Department of Education
Region XI, Davao City

Dear Mr. Farnazo,

For over half a century, MILO has been providing generations of Filipino families with its nutritious cup of energy-giving nutrients in fueling their days ahead. Beyond this commitment, MILO has also become a strong advocate of grassroots sports development in the country together with its key partners: The Department of Education (DepEd), Philippine Sports Commission (PSC), and the Philippine Olympic Committee (POC).

We at MILO believe that sports and nutrition play a critical role to nation building. Through sports, children learn different character forming values such as discipline, confidence, and teamwork. These values can help them not just in sports, but also in life. Through nutrition, children get the energy and nutrients they need to fuel their champion journey.

Throughout the pandemic, Nestlé Philippines and DepEd, signed a memorandum of agreement for the development of online learning modules and educational kits on health and wellness. As part of the partnership, MILO distributed over 15 million P.E. kits over the pandemic, consisting of MILO 24g sachets, and a learning module that highlights how active kids are better learners and the importance of nutrition.

Nestlé Philippines is steadfast in its commitment to provide nutritious energy to elementary students especially as they reenter face-to-face classes nationwide. We have committed to provide 7.5 million nutritious servings of MILO to elementary students for schoolyear 2022-2023 via the MILO Sampling Caravan, in which we will also be providing them engaging and educational activities to espouse the importance of physical exercise and physical literacy to benefit their health and development.

As consulted with the DepEd External Partnerships Office and the Union of Local Authorities of the Philippines (ULAP) we will need to closely work together to help ensure we meet our ambition to distribute 7.5 million servings of nutritious energy for our schoolkids today.

With this, may we kindly set a discussion with your good office to discuss how to go about the logistics in conducting our MILO nutrition and sampling caravan in your school.
