Dear **Mr. Mellorida:**

Greetings of Peace and Solidarity!

Children are regarded as one of the most vulnerable sectors in the community in times of disaster. The need for Disaster Risk Reduction (DRR) education in the school has been prioritized by the Provincial Disaster Risk Reduction and Management Council (PDRRMC) of Davao del Norte to promote resilience as well as save lives and properties when disaster strikes. Thus, School-based Prevention Education on Early warning before Disaster (SPEED) Program to Public Schools in Davao del Norte was initiated.

SPEED Program envisions to empower and strengthen young minds with significant knowledge on DRRM helping them understand probable impacts and effects brought by various hazards during emergency and disaster situations. Spreading adequate preparedness measures may arm the students & teachers to protect themselves and make them become responsible and pro-active in responding to early warnings.

In view thereof, we are respectfully requesting the approval of your good end for us to conduct the said activity on the following schedules:
