BULLETIN OF INFORMATION

I. RATIONALE:

The Department of Education (DepEd) through the Bureau of Learners Support Services – School Health Division (BLSS-SHD) continues to implement the School-Based Feeding Program (SBFP) nationwide in accordance with the General Appropriations Act (GAA) for FY 2023 and in compliance with Republic Act No. 11037 *“Masustansyang Pagkain para sa Batang Pilipino Act”*.

RA 11037 or the *“Masustansyang Pagkain Para sa Batang Pilipino Act”*, signed by President Duterte on June 20, 2018, constitutes the primary statutory basis for the SBFP. The law aims to implement programs that sustain and improve the health of school children thru the SBFP.

In Rule 1 of RA 11037 IRR section 4.2, Central Kitchens refers to a school or LGU-supervised facility that centralizes the procurement, food preparation, or cooking of a school or group of schools where food preparation is done in the CK, and prepared food is delivered to or picked up by the schools for distribution to the feeding beneficiaries. Also, the most recent directive from Vice President and Secretary Sara Duterte is to extend the feeding days from 120 to 200 using the same budget. This can be achieved by collaborating with partners such as LGUs and other NGOs to support the additional feeding days.

Section 7 of RA 11037 mandates the LGUs to assist the National Government Agencies, namely DepEd and DSWD, in efficiently and effectively implementing the Program. Hence, the LGUs will be requested to assist by establishing Central Kitchens within the district and/or by extending the feeding days from 120 days to 200 feeding days.

The proposed activity aims to elevate the existing BLT Central Kitchens to become training centers for centrally managed feeding programs. Through this capacity building, those existing CKs will serve as learning centers for benchmarking and training facilities for LGUs that are willing to support the establishment of the central kitchen in their district or municipality.

II. OBJECTIVES:

The activity aims to:

1. explain the establishment and operation of a Central Kitchen model;
2. equip the selected BLT kitchens to train those LGUs or stakeholders willing to establish a central kitchen in their respective areas;
3. elevate the existing BLT Central Kitchens to become training centers for centrally managed feeding programs.
