SUBJECT : FOLLOW THROUGH in NUTRITION IN EMERGENCY TRAINING

Our province continues to be affected by natural and human-included emergencies threatening human lives and the general well-being of the people. These emergencies disrupt the lives of populations affected, putting the risk of developing various undesirable health and related conditions, including those that threaten the nutritional status of individuals especially the most vulnerable groups.

In line with this, may we ask the presence of the aforementioned name to a two-days live-in on follow through in Nutrition in Emergency on November 17 – 18, 2022 @ Island Garden City of Samal. Venue will be announced once available. Thank you so much for your continued support in our nutrition program.
